

ACOUSTICAL
Sound Solutions for Over 35 Years

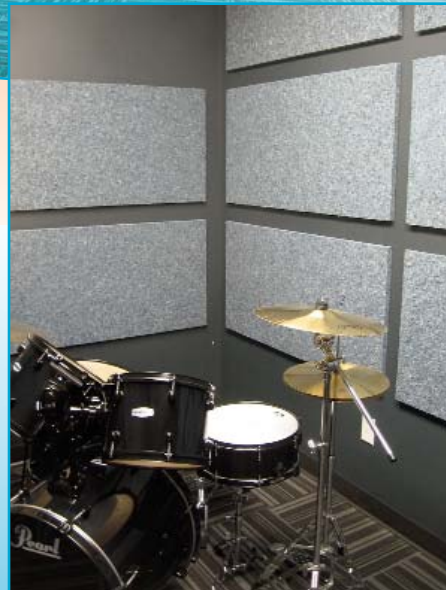

SURFACES INC.

Soundproofing | Acoustics | Noise & Vibration Control

ASI Acoustical Products and Expertise, Used for Nationally Acclaimed School of Rock Music Facilities & Recording Studios!

As the lead Architect & Designer for the nationally acclaimed School of Rock music facilities & recording studios, we have found Acoustical Surfaces and their staff to be vital to our process and a pleasure to work with. We are always satisfied with both their product and their service. We frequently use their expertise to help us better understand our specific conditions and needs, not to mention their continued efforts to keep us up to date on local products and sound attenuation methods. I look forward to continuing our collaboration as we Rock our way through the Ages!
