OLD WORLD BAKERY

Dear Mike Mohs:

Thank you for all your help getting my piano office together. Your Echo Eliminator product in combination with your diffusers made my piano sound perfect.

I received my piano on a Friday, knowing I might have an echo problem. When I started playing my piano, I literally had to run out of the room. The sound quality was so terrible I felt sick!

I first called you, Mike, in a state of panic. I found your web site online and called you immediately.

Thank you for recommending the right products for my office at a reasonable price.

Thank You,

Ephraim R. Skally Jr.
